

2019-2020 Transportation Letter

Good Afternoon,

MCS D has mailed out postcards containing student transportation pick-up and drop-off locations and times. If you have not received a postcard, or the information you received is incorrect, please call either Quality Bus at 561-3185 or the business office at 236-8000 x 1400.

Please be aware that changes to transportation arrangements cannot be made after Friday, August 23. After that date schedules will remain locked so trips can be finalized and schedules provided to staff for opening day. Any change requests received after Friday, August 23 will not be effective until September 9, the start of the second week of school.

Please be sure to review the information on the postcard and contact us immediately if the information is incorrect or you have not received information regarding your student's transportation arrangements.

Thank you,

A handwritten signature in black ink, appearing to read "Patrick Witherow". The signature is written in a cursive style with a large, looping initial "P".

Patrick Witherow

Director of Transportation
