

KEY/LEGEND

A map key and a map legend are the same thing. It is a list or chart that explains the symbols that are used on a map. Maps have different symbols that they use to represent something, so it's important to look at it before reading the map. Symbols are used on a map because there is usually not enough space on a map to draw every detail that belongs on the map. Use the map and legend below to answer the questions.

1. On which island can you find a nursery? _____
2. Which agricultural product can be found on Kauai, Oahu, Molokai, Lanai, and Maui?

3. Which products can you find on the island, Molokai? _____

4. Which agricultural products can be found on the island of Hawaii? _____

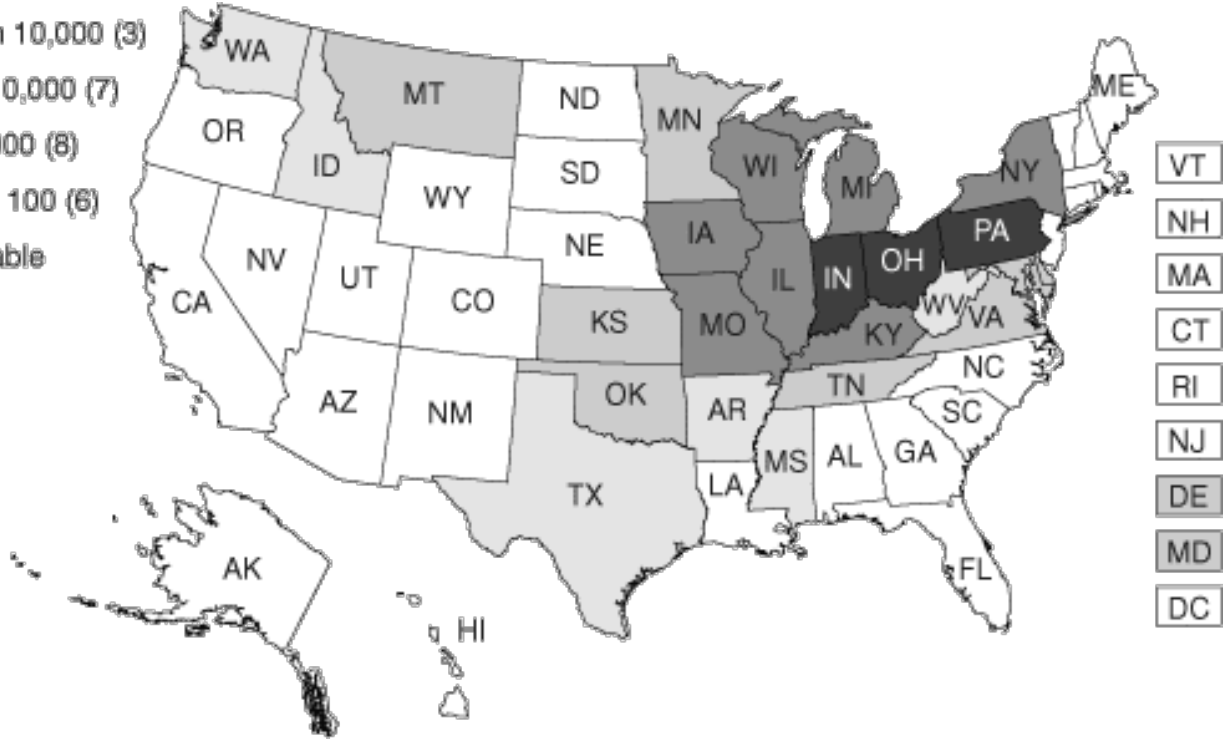

5. On which island(s) can you find sugar cane? _____

KEY/LEGEND ON A POPULATION MAP

A population map shows how many people live in a certain area. Use the population map and the key to answer the questions.

Amish Population by State
